DETAILED ACTION

This is in response to communication filed on 8/22/07 in which claims 1-20 are pending. The applicant's amendments have been fully considered therefore this case is in condition for allowance.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior arts of record fail to anticipate or render obvious the following recited features: Fourth-order whitening of the observations received on the reception sensors in order to orthonormalize the direction vectors of the sources in matrices of quadri-covariance of the observations used and joint diagonalizing of several whitened matrices of quadric-covariance to identify the spatial signatures of the sources as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
